

Bayesian Learning and Monte Carlo Simulations: Final Project Report

Poulet Corentin, (add other authors if necessary)

May 26, 2026

Contents

1	Introduction and presentation of the dataset	2
2	Definitions of the different models	2
3	Model Selection	2
4	Analysis of the selected models	2
5	Test of predictions	2
6	Conclusion	2
7	Appendix	3

- 1 Introduction and presentation of the dataset
- 2 Definitions of the different models
- 3 Model Selection
- 4 Analysis of the selected models
- 5 Test of predictions
- 6 Conclusion

7 Appendix
